

# Capabilities Statement

## Who We Are

We provide comprehensive security solutions for government, commercial, and industrial clients. We specialize in 24/7 security personnel, mobile patrols, surveillance systems, and access control for high-risk and remote environments. With expertise in compliance-driven security and rapid deployment, we deliver tailored solutions to safeguard assets and ensure site protection.

### Past Performance

Servexo has provided security services for federal, state, and local agencies, including the Department of Veterans Affairs, DOT, EPA, Spaceforce, and DHS. We have also worked with Amtrak, the NFL, and JPMorgan Chase for security operations. Services include access control, facility protection, and transportation security, ensuring safety across diverse industries.

### Our Differentiators

Servexo stands out with rapid deployment, advanced surveillance technology, and tailored security solutions designed for government, transportation, and commercial sectors. Our AI-driven monitoring systems, mobile security towers, and scalable personnel deployment ensure cost-effective, 24/7 protection in remote and high-risk areas. Unlike competitors, we provide customized, compliance-driven security that enhances safety, efficiency, and cost savings for our clients.
